THE INTERNATIONAL METROPOLIS CONFERENCE

brings together an international network of researchers, policy makers, and community groups engaged in identifying, understanding, and responding to developments in migration and diversity. Through our efforts, we encourage the production and effective communication of policy-relevant knowledge amongst decision-makers, thought leaders, and practitioners.

THE INTERNATIONAL METROPOLIS CONFERENCE 2013 IN TAMPERE, FINLAND

We are expecting some 700 experts and influencers of international mobility issues from all over the world to Tampere, Finland. Tampere is well-known to those in the field of international migration. In the 1999 Special European Council of Tampere, the EU began the process of making freedom, security and justice, including creating common policies on asylum and migration, a top priority. The 2013 International Metropolis Conference will take place, furthermore, in one of the Nordic advanced welfare states, famous for their warm welcome to newcomers, which has helped to foster the migrants' transition from outsider to insider.

INTEGRATING CITIES AND ETMU-DAYS

This sixth edition of the Integrating Cities Conference series, continuing a tradition of high-level dialogue between the EU and its major cities will be hosted by EURO CITIES and the City of Tampere in Tampere Hall. The conference will take place on 9–10 September 2013. The ETMU (the Finnish Society for the Study of Ethnic Relations and International Migration) -days have been organized since 2004, and they bring together researchers, policy makers and other interested parties from Finland and abroad. This year, the ETMU days will be organized as a part of the international Metropolis conference in Tampere.

WELCOME TO TAMPERE!

The International Metropolis Conference offers a versatile plenary programme, interesting site visits and various workshops with influential experts and speakers. The 2013 Tampere Conference will contextualize international migration within a framework that looks at simultaneously managing economic and population growth, security, and social justice. During an intensive week of high quality programming, you will have an opportunity to mix with an international audience and to enjoy the social events as well as pre- and post-conference tours to Finnish Lapland and St. Petersburg, Russia.
